

SPRAY CLEAN PRO

Environmental Multi-Purpose Cleaner

Today, anyone who uses cleaning chemicals is forced into a complicated mix of government requirements, exposure hazards and rising costs – including ISO and OSHA mandates, disposal procedures, environmental reporting, training, penalties and more. The intelligent solution is to use safer cleaning chemicals and less of it to save on plastic packaging.

SPRAY CLEAN PRO is the most versatile environmental multi-purpose cleaner in the market. Thousands of multi-purpose cleaners flood the market, but **SPRAY CLEAN PRO** truly revolutionizes the environmental cleaning industry.

Rather than clean just a little of everything, **SPRAY CLEAN PRO** has been designed to clean virtually everything and completes the job that common multi-purpose cleaners only start. **SPRAY CLEAN PRO**, a concentrated citrus-based formula, coupled with biodegradable surfactant detergents, dirt suspending agents, water softeners and builders, produce a formidable cleaner for everyday applications. When compared with other name brand products, commonly known to have 99% water as a main ingredient. Why pay for water when all you need is the cleaning solution?

SPRAY CLEAN PRO is your resource for reducing chemical costs, streamlining chemical management and improving environmental compliance throughout your operations. **SPRAY CLEAN PRO** easy-to-use formulations and concentrates deliver clean, sparkling results while conforming to the highest hygienic standards.

For most any cleaning problem, **SPRAY CLEAN PRO** is the quickest and easiest solution. It will save money and time. Here are just a few examples for your Business, Auto and Home use:
